

# TECHNOLOGY

## EXPERIENCE

For businesses in the ever-changing technology sector, it's imperative that your insurance and employee benefit programs keep pace with your evolving company. At Marsh & McLennan Agency, our Technology Practice focuses on delivering world-class insurance solutions that protect your company and mitigate your risk in the marketplace. From protecting your intellectual property to securing your digital data, we understand the needs of your business.

We also understand the importance of your people and developing a sustainable benefit program that can attract and retain top talent while harnessing technology to streamline enrollment and administration. Whether you are in the research and development phase or preparing for market entry and growth, Marsh & McLennan can help.

## TECHNOLOGY

## SCOPE

Today's competitive business environment requires growing organizations to partner with the right advisor to support their risk management and insurance planning needs. Our focus is to collaborate with our clients to understand their objectives so we can customize our solutions and advice to help them today and tomorrow. The ability for technology companies to scale and position themselves for success requires forward thinking and creative solutions with a local presence and industry experience.

Our Technology Practice works with emerging as well as established organizations domestically and internationally. Through our partnership with you, MMA brings:

- Access to industry and peer benchmarking
- Negotiating leverage with premier technology insurance companies
- Access to expertise within Marsh & McLennan Companies

## EXPERTISE FOR EVERY SPECIALIZATION.

As the Marsh & McLennan Agency [MMA] network grows with more local agency partners, we continue to increase our industry specific expertise. The ever-changing insurance landscape comes with new risks and challenges including stricter regulations and heavier penalties. Without up-to-date advice and the right coverage, these new challenges can have a drastic effect on your bottom line.

Our promise is to connect you with our team of professionals who have specific industry expertise. They understand your unique business needs and can offer innovative ways to cut costs as well as ensure your business is regulatory compliant. Our consultants monitor and analyze the implications of impending new laws and work with you to protect your business and its future. See our list of specialty industries below and discover a new level of knowledge and expertise today.
